Achilles: The Story of One Family's Fight With Feline Infectious Peritonitis Susannah Czernicki

We were so excited when we got our new kitten. Achilles was the sweetest and cutest kitten that we had ever owned. He got along very well with our two female cats and was a loving kitten to both of us.

When he started to have extremely vague symptoms at the age of 6 months old, we weren't too alarmed. We simply kept an eye on him. When his symptoms continued to get worse, we felt that a trip to the vet was warranted. Little did we know that he had a fatal disease and that his time with us was growing shorter by the day.

Like many other cat owners whose cat's have faced this same fate, we had never heard of FIP. We learned that Feline Infectious Peritonitis is a virus that causes a myriad of symptoms, including the many vague symptoms that Achilles was exhibiting. We learned that this devastating disease, although relatively rare, often targets kittens. We learned that there is no cure and our Achilles would soon be an FIP statistic.

This book is designed to raise awareness of this horrific virus. The first chapter is told from the point of view of Achilles, the second chapter is told by me. The third chapter goes into more detail about FIP and dealing with the grief associated with losing an animal. The last two chapters contain questions and answers, as well as personal stories told by other cat owners.

If you are looking for a veterinary manual that explains FIP using scientific and medical terms, this is not the book for you. If you are looking for a book that goes into some detail, but is readable and understandable for the cat owner, this book may be for you. This book will give you a general overview of the virus.

Upon purchasing this book, you are not only becoming familiar with this virus, but you are helping to possibly find a cure. 25% of the royalties will be donated to the Bria Fund, a fund dedicated to finding a cure for FIP. An additional 10% of the royalties will be donated to Almost Home Adoptions in Westminster, Colorado, the cat rescue that has given us four of the most wonderful cats. Thank you for purchasing this book.
