- How to analyze floor plans
- The trick to buying a home with great resale potential
- The truth about real estate agents
- How to fire your agent
- All about FSBO's, foreclosures, new construction and MLS listed homes
- What to look for when touring homes

Not only do you have to find a house that you love, you have to verify its condition, negotiate a good price, figure out how to pay for it, insure it, move in, all the while ensuring you are buying a home that you will be able to resell for a profit when the time comes. The list of things to consider is seemingly endless.

The sensible information you'll find in this book is unlike anything you have read online or in any other real estate book. Buying a home is a complicated process, and this book simplifies it. You will learn how to make smart choices when you purchase your next home, and how to recognize fraud when you see it.
