Multisensory Spelling Level M Dr Lillian Fawcett

Multisensory Spelling Level M is designed for the average 12 year old student and for older students who have a spelling age of 11 years. The multisensory spelling technique utilised in this book has been developed over many years and tried and tested on numerous students with excellent results. Research shows that learning is most effective when all senses are used and consequently this program requires students to use the visual, auditory, and tactile senses. The program is based on the premise that phonemic knowledge provides the building blocks of literacy and consequently it is recommended that the book be used in conjunction with a systematic and sequential phonics program.
