ANCIENT CHINESE PROPHECIES TILL THE END OF THE WORLD, contains prophecies on events in China and the world, spanning over five thousand years, and till the end of the world as we know it. More recent prophecies are about the Red Guards, the Gang of Four in China, and the future of Taiwan. But, how dangerous is the conflict between the U.S. and China over Taiwan? Will China be unified? When? What will happen to the U.S., China, and the world? What effect does the lure of American style democracy and consumerism have on China? In the distant future, will there be an Apocalypse? Armageddon? When will this happen? Thereafter, Utopia and racial harmony, or the end of the world? Again, when will all this happen? The prophecies are translated from the works of Imperial Astrologers from Tang Dynasty (618-907 AD), a Prime Minister from the Three Kingdoms period (220-280 AD), and the first Prime Minister from Zhou Dynasty (1122-221 BC). Since the publication of the first edition in 2000, and the second edition in 2002, many prophecies have already become realities. National Missile Defense, NMD, is to contain Russia and China. Even with the war on terrorism after 9-11, U.S., Taiwan and Japan co-operate to guard against China, and Taiwan independence advocates even want to drag the U.S. into fighting for them. Taiwan's staged presidential assassination on March 19, 2004, is predicted in Diagram 41. This third edition includes the original Chinese scripture, and states the year when China and the U.S. will collide over Taiwan. The prophecies in this book can be interpreted more clearly than those of Nostradamus!
