The Khoesan Languages (Routledge Language Family Series)

The Khoesan Languages (Routledge Language Family Series)

The Routledge Language Family series is aimed at undergraduates and postgraduates of linguistics and language, and those with an interest in historical linguistics, linguistic anthropology and language development.

According to a widely accepted hypothesis, the Khoesan languages represent the smallest of the four language phyla in Africa, geographically distributed mainly in Botswana and Namibia. Today, only 30 or so Khoesan languages may still exist, with about 300,000 native speakers. In other words, most Khoesan languages were already extinct before a sound scholarly interest in them could begin to develop.

Drawing together a distinguished group of international experts, with much of the material taken from data collected by the authors' own field work, this volume presents descriptive, typological, historical-comparative and sociolinguistic material on Khoesan. *The Khoesan Languages* contains eight sections: an introduction, an overview of genetic relationships, a typological survey and profile of Khoesan, four chapters covering core linguistic areas of Khoesan phonetics and phonology, tonology, morphology and syntax, and a final chapter tackling major issues in Khoesan sociolinguistics, as well as discussions of language contact.

Comprehensive and scholarly, yet also lucid in its coverage of a broad range of languages, dialects and sub-groups, this unprecedented and original work represents the current state of Khoesan linguistics.

From reader reviews:

Jose Bell:

Nowadays reading books are more than want or need but also be a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge the rest of the information inside the book which improve your knowledge and information. The data you get based on what kind of reserve you read, if you want drive more knowledge just go with knowledge books but if you want sense happy read one along with theme for entertaining such as comic or novel. The particular The Khoesan Languages (Routledge Language Family Series) is kind of e-book which is giving the reader capricious experience.

Gerard Williams:

Hey guys, do you wants to finds a new book you just read? May be the book with the headline The Khoesan Languages (Routledge Language Family Series) suitable to you? The actual book was written by famous writer in this era. The book untitled The Khoesan Languages (Routledge Language Family Series)is one of several books in which everyone read now. This specific book was inspired a number of people in the world. When you read this publication you will enter the new dimension that you ever know ahead of. The author explained their concept in the simple way, therefore all of people can easily to be aware of the core of this book. This book will give you a lots of information about this world now. To help you to see the represented of the world on this book.

Roberto Senn:

The reason? Because this The Khoesan Languages (Routledge Language Family Series) is an unordinary book that the inside of the guide waiting for you to snap this but latter it will jolt you with the secret this inside. Reading this book alongside it was fantastic author who write the book in such remarkable way makes the content inside of easier to understand, entertaining means but still convey the meaning fully. So , it is good for you because of not hesitating having this any more or you going to regret it. This book will give you a lot of gains than the other book get such as help improving your ability and your critical thinking technique. So , still want to hold up having that book? If I had been you I will go to the publication store hurriedly.

Jennifer Phinney:

This The Khoesan Languages (Routledge Language Family Series) is great reserve for you because the content that is full of information for you who have always deal with world and get to make decision every minute. This kind of book reveal it information accurately using great organize word or we can declare no rambling sentences in it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only gives you straight forward sentences but tough core information with beautiful delivering sentences. Having The Khoesan Languages (Routledge Language Family Series) in your hand like obtaining the world in your arm, data in it is not ridiculous a single. We can say that no guide that offer you world in ten or fifteen second right but this book already do that. So , this is certainly good reading book. Hey there Mr. and Mrs.

occupied do you still doubt that will?
