The Last Jihad/The Last Days/The Ezekiel Option/The Copper Scroll/Dead Heat (Political Thriller Series 1-5) Joel C. Rosenberg

The first page of The Last Jihad put readers inside the cockpit of a hijacked jet coming in on a kamikaze attack into an American city...but it was written 9 months before 9/11/01. As The Last Jihad unfolds, an American president finds himself in a war with Saddam Hussein over terrorism and weapons of mass destruction...but it was written 5 months before the actual war with Iraq began. The Last Days opens with the death of Yasser Arafat and an American president pressing for peace in the Middle East...but it was published 13 months before the actual death of Arafat. Now comes The Ezekiel Option, an explosive political thriller that literally feels ripped from tomorrow's headlines. The world finds itself facing this chilling question: ARE WE RUSHING TO THE BRINK OF AN APOCALYPSE PROPHESED MORE THAN 2,500 YEARS AGO? The Copper Scroll: Another Dead Sea Scroll has been found, unlike any before it, describing treasures worth billions buried in and around Jerusalem. But the scroll's code has never been broken, and experts from all sides warn that any effort by Israel to rebuild their Temple in Jerusalem would unleash a war of biblical proportions. Saddam Hussein is gone. Yasser Arafat is dead. A new Iraq is rising. Now Bennett and McCoy find themselves facing a terrifying new threat triggered by an ancient mystery. Dead Heat: The stage is set for war. Oil prices are surging to record highs. A new dictator is rising in Iraq. China is threatening Taiwan. North Korean forces are ready to strike south. Israel is feverishly trying to complete the Third Temple. And in the midst of a world ready to explode, the questions arises: Just what role--if any--does the US play in history's last days? The US Secret Service learns of a catastrophic plot to assassinate one of the candidates campaigning to replace MacPherson--but which one? And can US forces stop the terrorists before millions lose their lives?
