Progress in Self Psychology, V. 10: A Decade of Progress

Progress in Self Psychology, V. 10: A Decade of Progress

The tenth volume in the Progress in Self Psychology series begins with four timely assessments of the selfobject concept, followed by a section of clinical papers that span the topics of homosexuality, alter ego countertransference, hypnosis, trauma, dream theory, and intersubjective approaches to conjoint therapy. Section III, "A Dialogue of Self Psychology," offers Merton Gill's astute appreciation of "Heinz Kohut's Self Psychology," followed by commentaries by Leider and Stolorow and Gill's reply. The concluding section offers Stolorow and Atwood's "The Myth of the Isolated Mind," followed by discussions by Gehrie and the Shanes. A forum for the kind of spirited, productive exchanges that have long found a home within the self-psychological community, *A Decade of Progress* builds on the past in responding to the theoretical and clinical challenges of the present.
