**What should a wife believe? The words of her husband or the diary of his mistress?**

**From the author of *Secret Society* comes a tale of love and jealousy in which two women struggle to separate fact from fiction.**

**Monica** counts her blessings -- she has a husband who is not only devoted to her but is also committed to being a strong, caring father to their twin sons. When Carlos surprises her with an unforgettably romantic getaway, Monica knows her husband is still very much in love with her -- and she with him. But an unexpected package threatens to change everything Monica's ever believed about her husband.

**Angela** has adopted a sex-them-and-leave-them attitude toward the married men she's bedded over the last five years. Then she met Monica's Carlos. Now she will stop at nothing to get him for herself -- even if that means destroying her own life and another woman's family.
