## **The Idea Factory: Bell Labs and the Great Age of American Innovation** Jon Gertner

From its beginnings in the 1920s until its demise in the 1980s, Bell Labs-officially, the research and development wing of AT&T-was the biggest, and arguably the best, laboratory for new ideas in the world. From the transistor to the laser, from digital communications to cellular telephony, it's hard to find an aspect of modern life that hasn't been touched by Bell Labs. In *The Idea Factory*, Jon Gertner traces the origins of some of the twentieth century's most important inventions and delivers a riveting and heretofore untold chapter of American history. At its heart this is a story about the life and work of a small group of brilliant and eccentric men-Mervin Kelly, Bill Shockley, Claude Shannon, John Pierce, and Bill Baker-who spent their careers at Bell Labs. Today, when the drive to invent has become a mantra, Bell Labs offers us a way to enrich our understanding of the challenges and solutions to technological innovation. Here, after all, was where the foundational ideas on the management of innovation were born.

It should be here for you actually. So , don't miss this! Just read this e-book type for your better life and also knowledge.

#### **Christi Shoup:**

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some guide, they are complained. Just little students that has reading's spirit or real their hobby. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important in your case. As we know

that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this The Idea Factory: Bell Labs and the Great Age of American Innovation can make you truly feel more interested to read.
