Caustic (Dark Romantic Suspense) Morgan Black

A twisty standalone that will leave you desperate for more!

Skye Kellan is in trouble. She just slept with an important client, her job is on the rocks, and her grandfather, who means the world to her, is dying. On top of all this, her twin sister Leia has been missing for six years, and no matter how much she's avoided facing that particular problem, she is now forced to find Leia. Her grandfather asked for this, and Skye can't say no to him. Not now.

Ellis Waters has a dark past that he'd rather not think about. It took him years to overcome his demons--and some of those years were spent at Connecticut Psychiatric. So when Skye reaches out to him with a plea for help to find Leia, who was a patient at that hospital too, it's the last thing he wants to do. Yet he finds himself entangled in Skye's web despite his reservations, because he just can't say no to her.

Dark secrets come to surface as the truth is uncovered layer by layer. There is a killer on the prowl for both sisters, but that's not the worst of it. Will Skye be able to face herself once the reality of what she's done in the past comes to light? Will Ellis be able to accept her? And most importantly, will their new found relationship survive all of these challenges?

Caustic is a dark and suspenseful full-length romance novel, with no cliffhangers. Be prepared for your toes to curl when you read it--both from fear for the heroine and from the satisfaction when it all comes to conclusion.
