Sura is sixteen years old when she meets Mr. Frost. He's very short and very fat and he likes his room very, very cold. Some might say inhumanly cold. His first name isn't Jack, she's told. And that's all she needed to know. Mr. Frost's love for Christmas is over-the-top and slightly psychotic. And why not? He's made billions of dollars off the holiday he invented. Or so he claims. Rumor is he's an elven, but that's silly. Elven aren't real. And if they were, they wouldn't live in South Carolina. They wouldn't hide in a tower and go to the basement to make...things. Nonetheless, Sura will work for this odd little recluse. Frost Plantation is where she'll meet the love of her life. It's where she'll finally feel like she belongs somewhere. And it's where she'll meet someone fatter, balder and stranger than Mr. Frost. It's where she'll meet Jack. Jack hates Christmas.
