Unhidden (The Gatekeeper Chronicles) (Volume 1) Dina M Given

It's not always easy to differentiate between the good guys and the bad guys, especially when a trained killer may be falling in love with her evil hunter Emma Hayes, a former military Special Forces Operative turned mercenary-for-hire, finds her tightly controlled world turned upside down when she becomes the target of attacks by powerful supernatural creatures. Emma must use every skill in her arsenal to stay alive as she tries to solve the mystery of why she has been targeted. Her list of enemies keeps growing – from Zane Shayde, an evil Mage, to a secret branch of the US government – and she doesn't know if there is anyone left she can trust. To complicate matters further, Emma is inexplicably drawn to Zane in a way she does not quite understand, even knowing her life is forfeit if captured. Who is he and why does he have this affect on her? How can she fight someone who calls to her, body and soul? Emma is left haunted by questions, doubts and fears as to why she has been targeted, when they will come for her next, and how she will possibly survive against an enemy she doesn't understand.
