Confederate Star Rises (Confederate Star Trilogy Book 1) Richard Small

A dark and disturbing vision of the future causes Confederate General A. P. Hill to change a key event of the American Civil War, resulting in a dramatic alteration of General Robert E. Lee's 1863 Pennsylvania campaign. With Confederate General Thomas "Stonewall" Jackson still in command following the Battle of Chancellorsville, he leads his Corps to victory at the first Battle of Gettysburg before setting out to gain control of much of central Pennsylvania. Arrayed against him is the Pennsylvania militia of the Department of the Susquehanna commanded by Union General Darius Couch, who is hounded by a frustrated and overbearing President Abraham Lincoln of the United States. General Jackson succeeds in crossing the Susquehanna River at Wrightsville, and then marches north towards the Pennsylvania state capital, setting the stage for the climactic battle of Harrisburg in the small town of Middletown, where the brave but inexperienced Pennsylvania militia confronts the hardened veterans under the great "Stonewall" Jackson.
