Comprehensive Respiratory Medicine, 1e Richard K. Albert, Stephen G. Spiro BSc MD FRCP, James R. Jett MD

COMPREHENSIVE RESPIRATORY MEDICINE is a revolutionary new reference designed to help the physician provide the highest standard of care for patients with respiratory disease. This comprehensive, clinically focused reference is the only text available that provides complete coverage of respiratory medicine in one, full-color volume. The first section covers examination of the patient, signs and symptoms, modern assessment techniques, and an outstanding highly illustrated imaging chapter. The second disease based section covers the wide spectrum of cases seen in clinical practice.

* Integrates basic science with a clinical focus, reflecting the way physicians practice. * Brings to life the science of respiratory medicine by explaining real-life, clinical situations. * Comprehensively covers all areas necessary when diagnosing, treating and managing a patient. * Written by experts in the field who present an international perspective of the subject. * Combines all information in a single volume, which is easy to carry and reference quickly. * Features fantastic full color artwork program to help explain difficult concepts in diagnosis and to promote understanding of the principles behind the disease. * Includes critical referencing system.

Spanish version also available, ISBN: 84-8174-527-8
