**Lemurs of Madagascar (Conservation International - Tropical Field Guide Series)** Russell A. Mittermeier, Ian Tattersall, William R. Konstant

Lemurs are primates found exclusively on Madagascar, but their appearance and the extraordinary diversity of species have captured the interest of primate watchers everywhere.

This guide profiles all 50 known species and subspecies of lemurs, from their origins and discovery to recent studies and on-going conservation efforts. Included are full descriptions, many color images, maps showing distribution patterns, and detailed drawings of the postures and behaviors used by naturalists to distinguish between species.
