**The Eponym Dictionary of Reptiles** Bo Beolens, Michael Watkins, Michael Grayson

Who was Richard Kemp, after whom the Kemp's ridley sea turtle is named? Is Wake's Gecko named after Berkeley's Marvalee Wake? Or perhaps her husband, David? Why do so many snakes and lizards have Werner in their name? This reference book answers these and thousands of other questions about the origins of the vernacular and scientific names of reptiles across the globe.

From *Agkistrodon piscivorus conanti*, the Florida cottonmouth subspecies named for Roger Conant, to *Xantusia*, the night lizard genera namesake of John Xantus, this dictionary covers everyone after whom an extant or recently extinct reptile has been named. The entries include a brief bio-sketch, a list of the reptiles that bear the individual's name, the names of reptiles erroneously thought to be associated with the person, and a summary of major—and sometimes obscure or even incidental—contributions made by the person to herpetology and zoology. An introductory chapter explains how to use the book and describes the process of naming taxa. Easy to use and filled with addictive—and highly useful—information about the people whose names will be carried into the future on the backs of the world's reptiles, *The Eponym Dictionary of Reptiles* is a handy and fun book for professional and amateur herpetologists alike.

#### **Patricia Gagliano:**

As a university student exactly feel bored to be able to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Eponym Dictionary of Reptiles can make you truly feel more

interested to read.
