Flower Spirit Cards Melanie Eclairé

Flower Spirit Cards are the first in a series of nature spirit divination cards, designed to enable us to tap into the infinite wisdom of nature spirits, or 'devas', an ancient Sanskrit word meaning 'shining one' used to describe the inner life of a plant. Cards are divided into four sets of eleven: bulbs, annuals, perennials, and wildflowers, representing our past, our present, our future, and our true or 'higher' selves. The cards have been created as a bridge between two worlds, revealing the extraordinary healing messages that can be received from flower spirits. They offer the user an extra tool for enlightenment and a means to expand their consciousness and connections with nature. This exquisitely designed package contains a pack of 44 flower spirit divination cards and an accompanying book with full instructions for the different ways for laying out and interpreting the cards. Once discovered you can also involve the messages of the flower spirits in your life in a more direct way by growing the flowers - thus surrounding yourself with their supportive messages.
