Warlock's Cove, Part One Jade Astor

Warlock's Cove, a picturesque village nestled on the rocky New England coast, is a small town like no other. Founded in the seventeenth century by two families driven out of Europe for practicing witchcraft, it has developed a uniquely tolerant and unconventional culture. Warlocks, vampires, and ghosts all attempt to co-exist peacefully there while keeping their secret from the outside world. Occasionally, however, they run into trouble when overly curious humans wander into town looking for trouble...or love.

When Professor Dane Forrest accepts a teaching position at the local college, he sees it as an opportunity to learn more about the folktales and supernatural legends he has spent his career researching. What he doesn't expect is to spend his first two nights in town rescuing a student from a vampire attack and then going on a date with the alleged vampire himself. Though he's determined to maintain detached, unemotional outlook, he soon starts to realize why vampires are known as masters of seduction...and why they are considered as deadly as they are alluring.

Meanwhile, on the other side of town, hundred-year-old vampire Simon is mourning the loss of the man he loved, who deliberately ended his existence by walking into the sunlight. Things begin to look up when Simon makes an intriguing new acquaintance down by the beach. Unfortunately, the young man in question seems to have as many secrets as Simon does. Faced with having his long-cold heart broken a second time, Simon wonders whether his best course of action might be to follow his former mate into a peaceful oblivion.
