Rocketing to the top of five paid best seller lists, Book 1 of the Brent Marks Legal Thriller Series has been called a "wild ride" by critics. In it, Kenneth Eade delivers another solid and intricately plotted financial thriller.

A maniacal killer is on the loose. April's mother is brutally murdered and her father beaten within an inch of his life. Attorney Brent Marks has already paid his dues as a lawyer, having taken his share of small cases over his 20 year career, but has finally reached a place in his life where he can take on cases of social importance. What he least expected was for April Marsh's predatory lending case against the big banks for wrongful foreclosure on her parent's home to turn into a murder investigation. As the courtroom drama heats up, the action outside the courtroom spirals out of control.

Searing, exhilarating and topical, Predatory Kill puts a new spin on the greatest financial crisis of the age

As good as any novel on the New York Times Bestseller List "Fans of John Grisham will find equal talent here in Eade's ability to captivate and hold readers with the unexpected, both in character development in nonstop action which lays the foundation for a story that's anything but predictable. The realistic dialogue is - well - simply killer; while action points in one direction, then often takes a 360-degree turn. In a world where plot and outcome are often predictable from the start, this will prove more than satisfying to readers already well versed in the legal thriller format." Midwest Book Review??? **Discover what others already know**"If you are a fan of fast-paced, action-packed thrillers that combine corruption and murder with courtroom drama, then 'Predatory Kill' by Kenneth Eade is the best choice you could ever make. many facets of organized crime; why not the perpetrators of the largest investment fraud in the 21st century? The hero of the story, Brent Marks, is tough to sell on his client's claims that the foreclosing bank is responsible for her parents' murder, but as the case unfolds, the evidence seems to mount up. Fact or fantasy, the issue of banks being above the law is a fact, and the murder angle makes for an excellent metaphor, well deserving of five stars."
