"Informative and entertaining, but sobering...A first-rate collection of facts about weapons systems". -- "The New York Times Book Review" on "Dirty Little Secrets" " "Dirty Little Secrets" is full of surprises about the inner workings of war-making machinery around the world. And, with war and rumors of war no more distant than the front page of today's newspaper, "Dirty Little Secrets" is a useful briefing...a handbook of our times". -- "Los Angeles Times" on "Dirty Little Secrets" "First rate. The essays read well; the informality and the point of view are reminiscent of the reflective talk of soldiers". -- "Scientific American" on "How to Make War" "["Digital Soldiers"] will be received with utmost seriousness--and is likely to spark significant controversy...[Dunnigan's] engaging and daring analytic prospectus should fascinate armchair warriors as well as their professional counterparts". -- "Publishers Weekly" on "Digital Soldiers"
