Programming Problems in Ruby: A Primer for the Technical Interview

Jason Brewer, Bradley Green

Programming Problems in Ruby: A Primer for the Technical Interview Jason Brewer, Bradley Green
This book is intended as a primer for the programming interview. Self-contained, and with problems completely worked out in Ruby, this book covers the fundamentals of computer programming. Sections range from elementary data structures, to searching, selection, and sorting. Each chapter works through the fundamentals of the subject with examples, and closes with more in-depth problems often asked during technical interviews. Provides valuable insights and interesting challenges for beginning programmers and senior engineers.
