## **Graphic Novels: A Bibliographic Guide to Book-Length Comics** D. Aviva Rothschild

The first of its kind, this annotated guide describes and evaluates more than 400 works in English. Rothschild's lively annotations discuss important features of each work-including the quality of the graphics, characterizations, dialogue, and the appropriate audience-and introduces mainstream readers to the variety and quality of graphic novels, helps them distinguish between classics and hackwork, and alerts experienced readers to material they may not have discovered. Designed for individuals who need information about graphic novels and for those interested in acquiring them, this book will especially appeal to librarians, booksellers, bookstore owners, educators working with teen and reluctant readers, as well as to readers interested in this genre.

#### **Denise Wentzel:**

As a pupil exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's heart or real their passion. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Graphic Novels: A Bibliographic Guide to Book-Length Comics can make you sense more interested to read.
