The Skill Building Journal: Caring for Infants & Toddlers is the most comprehensive training program available to help teachers develop the skills and knowledge necessary to obtain a CDA credential. In this first new edition since 1991, the content from all 13 modules is now in the main text, while all of the self-assessments and learning activity forms are in the accompanying Skill-Building Journal. Based on the training program Teaching Strategies developed for the United States military, The Skill Building Journal: Caring for Infants & Toddlers is organized into modules that can be used for individualized staff development, a college course, or ongoing workshops. The Skill-Building Journal includes learning activities that help build skills and knowledge as staff work with children every day. The personal, friendly tone and user-friendly format make Caring for Infants & Toddlers practical and easy to use.
