Months of the Sun: Forty Years of Elephant Hunting in the Zambezi Valley (Classics in African Hunting Series, 20th) Ian Nychens

Ian Nyschens (pronounced

ations") shot as many elephants as Walter Bell did--well over 1,000--and under much more difficult circumstances. His book will rank or surpass the best elephant-ivory hunting books published in the twentieth century. Remarkably, his adventures took place much later than the likes of Bell, Sutherland, Neumann, and others. The stories of his hunts with his double rifle are sure to impress.
