\* An interior design book which challenges and overthrows our preconceptions of how we should live.

\* Offers new and exciting ways of flexible living

\* Features over 800 extraordinary color photographs of interiors from around the world, with particular emphasis on Asia

\* Drawing on a wide range of modern design from many countries, this unique, rich sourcebook takes an elemental approach to the design of a home. In an age when no interior design principle goes unchallenged and all ideas are possible, the only sensible approach is to start from the basic elements - how a home works and what we expect from it.

*The Source*, illustrated with hundreds of color photographs by Michael Freeman is divided into four sections which each cover a basic function. *Connect* deals with the connectivity of a home, from entrances and corridors to staircases. *Divide* shows the many ways in which individual areas can be divided and linked, from walls to screens and unconventional dividers. *Space* is concerned with living spaces in all their variety, balancing the twin needs of comfort and inspiration. *Utility* covers the basic functions of any dwelling, from cooking and bathing to working at home and storage.
